

<http://www.kickstarter.com/projects/1584958099/harold-browns-string-chamber-music-recording>

Dear Friends,

Hope we (and the IRS) find you well!

We have 21 days to meet our interim goal for the final portion of the Post - production/CD/publicity for this wonderful project. If we cannot meet this goal then the current (13) pledges will not be called, and will be lost. This will delay the record release, and make it impossible to share it with you and your friends. Note the benefits attendant to your participation!

If you haven't made a pledge, please click the above link and do so now! Or you can go to kickstarter.com and search on "harold brown". Even a partial amount, NOW, on Kickstarter, will help secure this goal.

Many who knew Harold Brown as a conductor, or who attended his Centennial will need this CD as part of their own Legacy.

Do go to <[www.renaissancechorus.org](http://www.renaissancechorus.org)> to hear concert readings of a few of the works to be recorded. They are a wonderful legacy and can be your gift to posterity. Unbelievably, amidst all the ephemera in the media, there are NO recordings of Harold Brown.

If you have already pledged, please accept our gratitude, and consider forwarding to others.

If you find it impossible to give now, kindly forward to other lovers of great Chamber, American, and Early Music.

Hopefully Yours,

Dorrie & Sigmund Rosen
